VIRTUAL BAS TRAINING NOW AVAILABLE!

Cochrane Tech Services is pleased to now offer a variety of **Virtual Instructor-Led Building Automation Systems (BAS) Training Courses** for systems integrators, contractors, service technicians, facility managers and more to accommodate varying remote work scenarios. Enjoy smaller class sizes, the support of multiple instructors, and the convenience and flexibility of learning from your home or office! Plus, feel confident knowing we've been proudly teaching since 1978!

For a full list of virtual courses or to register for an available course today, please visit www.cochranetechservices.com/training!

**Limited-time reduced pricing for virtual class options during pandemic.*

Social Distance Learning
